

**9th Emerging Scholars Colloquium
22 August 2022
University of St Andrews, Scotland (UK)
THE GATEWAY BUILDING, UNIVERSITY OF ST ANDREWS, NORTH HAUGH, ST ANDREWS**

The aim of the colloquium is to provide an opportunity for emerging scholars in social and environmental accounting to present and discuss their research projects alongside a cohort of distinguished international faculty.

This year's Emerging Scholars Colloquium is sponsored by *Accounting Forum*, CIMA, and the Erivan K. Haub Chair in Business & Sustainability in the Schulich School of Business at York University, Canada. Thanks to the generous support from our sponsors, CSEAR will be able to reduce the fees for ESC registration.

Parallel sessions: The emerging scholars will present in different parallel sessions led by two faculty mentors. The rest of the emerging scholars may attend any session they like, although we hope that this would result in a fairly balanced split between the sessions. Every participant will be allocated **40 minutes, allowing up to 20 minutes for presentation and the rest for discussion** with the faculty and other emerging scholars. Please respect this time allocation out of respect to other presenters and the audience.

Please note: to facilitate open and effective discussion during the sessions, the supervisors of PhDs presenting at the ESC are invited not to attend their supervisees’ presentations unless students or circumstances specifically require it.

The Faculty

The colloquium will combine full plenary sessions with small group sessions guided by seven leading scholars in social and environmental accounting research. The faculty members present different research traditions and provide a range of expertise in various theoretical and methodological approaches. The Organizing Committee thanks the Faculty members:
