13. AOB 13.1 Partner Institution request from the Business Management Department of Gediz University, Turkey [This is an approach to CSEAR as an institution to find out if we wished to be involved in an initiative. It would be helpful to know if the Council would support this project and if a project lead could be identified to support any collaboration. This is the sort of work that was suggested in the ESRC grant application so I would hope that the Council would see it to be within the remit of CSEAR – but it would have to be owned, championed and delivered by a named person for it to be effective (not necessarily a member of Council, but definitely by a member of CSEAR).]	Yes (x4)
14. Date of next meeting: Tuesday 6 May 2015
