CSEAR

10th CSEAR NA Conference (June 22nd - 23rd, 2026)

Similar to other CSEAR conferences, the **10th CSEAR North America Conference** will be a deliberately informal gathering and discussion forum for researchers, teachers, students and practitioners concerned with social and environmental accounting, teaching and research in the very widest sense. Its emphasis is on a high level of interaction, discussion and debate in a friendly, supportive and relaxed atmosphere.

Attendees will include academics, practitioners, and PhD students at all levels of experience, and involved with all aspects of social, environmental, sustainability theory and practice in accounting and other disciplines. The main objective of this conference is to provide a forum for discussions to enhance research in policies and strategies relating to the sustainability agenda within North America and around the world.
